There will be no live question-and-answer session during the fireside chat, however, prior to the event, stakeholders are encouraged to submit questions or comments for management's consideration via email: SAVAquestionsQ1@CassavaSciences.com

Management may not be able to address all comments or questions due to SEC Regulation Fair Disclosure (FD), limits around legal disclosures, time constraints or other limitations.

An archived replay of this event will be available on Cassava Sciences' website www.CassavaSciences.com in the 'Investors' section for approximately 90 days following the event.

About Cassava Sciences, Inc.

Cassava Sciences' mission is to discover and develop innovations for chronic, neurodegenerative conditions. Over the past 10 years, Cassava Sciences has combined state-of-the-art technology with new insights in neurobiology to develop novel solutions for Alzheimer's disease. We are currently testing simufilam, our lead drug candidate for the proposed treatment of Alzheimer's disease, in Phase 3 clinical studies under Special Protocol Assessments from the FDA. Simufilam is also being tested in an open-label study and a randomized, double-blind, placebo-controlled Cognition Maintenance Study in patients with Alzheimer's disease.
